

about
greensteps

When you finish any food-related event, you often have tons of products to throw away, from utensils and plates to drink bottles and leftover salad. Our green package exists so that you can walk away feeling confident that you and your guests' carbon footprints are minimized.

By providing sustainable servewares and ensuring that all foods post-event are properly composted, the greensteps package is an option for the eco-conscious.

✓ sustainable guaranteed

NORTHWESTERN CATERING

NORTHWESTERN CATERING

presents

greensteps

an eco-friendly event package

fig. 1
dining wares

Our sustainable package includes an all china setup to reduce event waste. 100% renewable and BPI-certified compostable leafwares are also available upon request.

fig. 2
plant life

Our team will curate beautiful terrariums to match the green atmosphere of your event.

fig. 3
fabrics

Neutral colors for sustainability are in, and our catering team will strive to make your event both planet-friendly and memorable to your guests.

fig. 4
designs

Your menus can now be planted in a garden, thanks to the use of Seed Paper and 100% compostable cardstock.
